

*Only case of reported  
revolt in 1952*

A Spanish missionary recently arrived from Kansu Province has confirmed the continuation of a Moslem rebellion in Northwest China. The missionary said that anti-Communist Moslems have controlled a mountainous area in eastern ~~Kansu~~ Kansu for about 18 months and that for political reasons Chinese Communist leaders have not yet launched an all-out attack to crush the revolt.

Comment: This revolt was admitted in the Chinese Communist press last April. This is the only confirmed instance of resistance to the Chinese Communist regime on this scale.
